ROI on Demand

Get your cost per funding under control

What can you do with iLeads.com Vintage Loan Leads?

Do you generate sales through phone, mail, or email contact? Looking to train new LO's, or develop the lowest cost per funded deal? What about data for your call center? With Vintage leads from iLeads.com, you can be assured of the best data in the industry!

Phone: Whether you're looking to turbo charge your call center, or give your LO's the best way to "pound the phones", our Vintage Leads program is the clear choice. We'll provide you with consumers who have expressed a need for a loan, within the market that you're looking for. All you'll provide is the phone, and the closing docs!

Direct Mail: Success in direct mail is achieved before the first mailer has gone out. With the right list, the right creative, and the right niche, the direct mail ROI can be very high. With a direct mail campaign using iLeads.com's Vintage Leads program, you'll have the advantage of targeting consumers that want to close!

Training: If you are training new LO's, Vintage leads can help you contain your start up cost AND provide a healthy return on a new LO. With iLeads.com Vintage Leads, you'll get a new LO that can qualify a borrower, without fear of a high cost / low conversion!

Email: Done correctly, email can be a great way to build sales, and communicate with potential borrowers. Using iLeads.com Vintage Leads as the base of your email campaign you'll find yourself able to communicate directly with interested consumers at 1/100th the price of direct mail!
